

What is TruGAP™ Plus?

When your car was purchased or leased, you likely paid a down payment and/or were the beneficiary of promotional discounts or rebates from the manufacturer. With a Total Loss these dollar credits and your down payment will likely become an unrecoverable Loss.

TruGAP™ Plus will pay up to \$1,000 toward the cost of your replacement vehicle when it is purchased from your original selling dealership*

** Plus version not available in all states*

Can I Get TruGAP™ at a Later Time?

No, Smart AutoCare TruGAP™ is an addendum to your vehicle Finance or Lease contract, and can only be written when you execute your Finance or Lease agreement.

TruGAP™

What is TruGAP™?

As your vehicle gets older, its value declines at a greater rate than your loan balance.

If your insured vehicle is declared a "Total Loss" due to an accident, theft, vandalism or natural disaster your insurance company will only pay their appraised market value, less any policy deductible. Often there is a significant shortfall between what your insurer pays and the balance you owe on your loan.

With TruGAP™ the difference between your loan balance and insurance settlement is covered, including up to \$1,000 of your deductible.

Why Choose TruGAP™ over standard GAP?

Insurance settlement amounts are "adjusted" by insurers for excess vehicle miles, worse than usual condition of your vehicle at time of loss, and other factors.

While traditional GAP products "discount" their claim payout amount in a way similar to your insurer, Smart AutoCare TruGAP™ pays the actual difference between your loan balance and the insurance company settlement.

How Does TruGAP™ Work?
